

CAPABILITY STATEMENT

Locally Owned and Operated for Over 10 years, TCS has and will continue to grow and evolve to meet the needs of the Expanding Cairns Marine Industry. Strong communication and relationships with supplier's and complimentary businesses has aided us in becoming an integral part of Industry. If it is not part of our core business, we have the contacts to make it happen. Flexibility within our Internal Systems allows us to allocate our resources to meet the fluid nature of the Marine Industry, when and where required.

A strong focus on Company Culture and Quality has given us the ability to retain key staff and forge a reputation for completing work on time and to a high standard. Assisting our Staff both as employees and individuals has resulted in a large team of permanently employed staff that are accountable and personally invested in the future success of the company, industry, and community as a whole.
